- I. 10:01 a.m. Public Hearing Concerning Adoption of the Dogwood Terrace/Pensacola Tar & Turpentine Subdivision Street Lighting MSBU - Stephan Hall, Finance Department Director, Management and Budget Services

That the Board adopt and authorize the Chairman to sign the Ordinance creating the Dogwood Terrace/Pensacola Tar & Turpentine Subdivision Street Lighting Municipal Services Benefit Unit (MSBU), and all related documents, and make the following findings of fact:

A. Lots in the District are specially benefited since street lighting not only increases the market value of an individual lot, but also increases safety in the District surrounding individual lots and the ability of lot owners to use their individual lots after dark;

B. The benefit from improved street lighting can vary according to the relative size of affected lots, but residential lots benefit uniformly because of the small variation in size throughout the District;

C. The Non-Ad Valorem Special Assessments levied represent a fair and reasonable apportionment of the cost of the special benefit received by each lot, and do not represent a fair share of the cost of General Governmental Service provided to residents in the unincorporated areas of Escambia County; and

D. Lots which do not receive a special benefit have been and shall be excluded from the Non-Ad Valorem Special Assessment for street lighting.
